Power BI Themes : <https://community.fabric.microsoft.com/t5/Themes-Gallery/bd-p/ThemesGallery>

Stories gallery : this is the most important link, check out how others using power bi :

<https://community.fabric.microsoft.com/t5/Data-Stories-Gallery/bd-p/DataStoriesGallery>

if the above links don't work please google "AdventureWorks samples download"

Use the following links to upload your pbix file to show your work or errors.

Also good idea to post your pbix with sample data to <https://community.powerbi.com> and

<https://www.pbusergroup.com/> there is always someone there to help out. Please post it there to have a look at it.

Assignments Steps:

1. When you get to "Hands-on Real-world Projects" every project either has projectname-start file or data files. At the end of each project, create your own report visualizations/chart/graphs with your imagination and post it anywhere on the web / Microsoft Data Story Gallery (<https://community.powerbi.com/t5/Data-Stories-Gallery/bd-p/DataStoriesGallery>). Go to "Sharing and Collaboration" to know how to "Publish to Web".

2. To showcase your work, put a link in course's Q/A section so other students also can see your work.

If you are streaming dataset : Pubnub.com
